

**EXPERTS IN
THE CARE OF
HANDS & FEET**

WHY THUYA METHOD?

Our hands and feet are indispensable parts of our body, so we need to take care of them and protect them from external aggressions.

Thuya has developed an exclusive method to solve the main problems of the skin.

Four new treatments with the best active ingredients and the best effectiveness to solve and combat the four most common problems of our hands and feet.

dehydration - undernourishment - aging - blemishes and sunburns

Four key points:

- 1.- Most effective formulas and active ingredients.
- 2.- Specific treatments for each skin problem.
- 3.- Triple action: enhance beauty, apply a treatment to solve a problem and care.
- 4.- Professional techniques with exclusive application protocols.

Each treatment is indicated to solve a specific skin disease. Each process consists of 3 phases:

- 1.- Preparation of the skin
- 2.- Exfoliation
- 3.- Application of the specific formulas

HANDS & FEET
